Sounds good Carissa – I do not have an update on the release date right now, but last email I saw said anticipated publication date in late July.

Thank you, Melanie! I really appreciate you all reviewing. Just an FYI, I flagged the comms plan timeline for ICRB. I gave them until 10:00 a.m. Wednesday since it's a very small piece. The plan now is to move the comms to PRD, RD, HED DDs and OGC by COB Wednesday.
Does PRD have more of a concrete date for release of the FRN? I know Elissa is out this week.

Hi Carissa,

For PRD's end we should have most of our comments and revisions in the documents. Rachel was out the last half of today due to the pop-up Juneteenth Holiday, so we will check with her first thing in the morning.

Thanks for pulling this together! It was great to review and work from it.

Good morning,
I hope you had wonderful, relaxing weekend. Just a friendly reminder to submit any comments/edits by COB today on the communication material.
Thank you,
Carissa

Good morning!

For your review, linked below is the communication material for the CBD Seresto petition. I added a statement about the letter to Elanco, but I'm not sure it went out - Dian do you know? If not, I will confirm with management. You will also see my comment on the description of what the petition is asking - I don't know if we want to highlight the figures, definitely open to your thoughts.

Since we are targeting early July, **is it possible to have comments by COB Monday?** Do you think OGC needs to review the OPP Update? If so, I will loop them in when we send it Elissa and Tim for review.

Thank you,
Carissa
